

Ignite Northern City Prayer Walk

Update 1- May 8-22

Thank you to all you who have sown into this 2021 Prayer Walk either through financial gifts, prayer, or prophetic words of encouragement and affirmation.

May was my first leg of this new assignment. I was able to bless and pray for the cities of Bradford, Erie and Cleveland, Ohio. I connected with godly men, women, pastors, worshippers, intercessors, the young and the old in amazing and unique ways. In each city I was able to connect with two churches: Open Arms and the Salvation Army in Bradford; Field of Dreams and Real Life Assembly of God in Erie; and Journey Church and Church on the North Coast in Cleveland, Ohio.

Some highlights from the two weeks:

1. God emphasized building relationships.
2. The release of Shepherd's staffs in each city was pure, strong and anointed.
3. Even though the weather was hot, the many hours of worship, praise, prayer and intercession and fellowship with God brought me much joy.
4. God sent me to these cities because there is a cry and a hunger from the remnant for revival and harvest.
5. I experienced and saw a new level of faith in many of the believers in these cities.

It is becoming more evident to me that our Lord Jesus Christ is preparing an Army of lovers that will obey Him, worship, and work together and persevere until we fulfill the will of God on Earth, walk in true humility, and trust God in and for everything that He wills. I saw a resolve and diligence that I know comes from walking close to Jesus and delighting and desiring to obey and please Him.

We have a clever, evil, wicked enemy and we must know his wiles, devices, tricks, schemes, and plans so we can overcome daily and be more than conquerors through Him that loves us. God blessed me with affirming signs as I prayed and sought Him for my family and the region I was praying for.

I believe one of the highlights on this first leg was the sighting of EAGLES. Without a doubt Jesus planned this as I began in Bradford and Erie because the prophetic anointing was and is being released over this nation. These two cities will carry a strong faith to stir up the church so she can be awakened and mount up with wings like Eagles and soar in the Spirit and see and perceive the will of God.

We love you and thanks again for journeying with me. My friend, Dave Turner, will be traveling with me in June, July and August.
